

# INDUSTRIAL SOLUTIONS

## MARINE INDUSTRY

Corrosive and wet marine environments present a unique set of maintenance and repair challenges. Rust and corrosion, exposure to moisture, water immersion, salt air, and fluctuating temperature changes call for products designed to stand up to the challenges. WD-40 Company products are formulated to solve problems and help you get the Job Done Right™.

### WD-40 SPECIALIST® MARINE GRADE GREASE

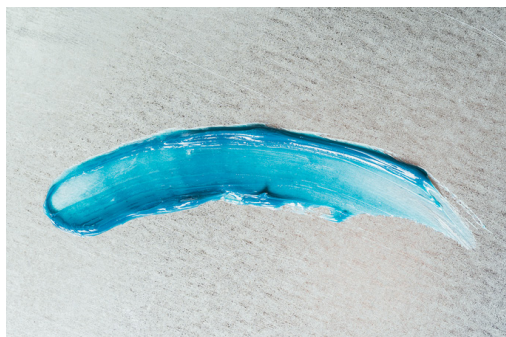

**A high-performance, lithium complex-based grease that provides maximum lubrication and corrosion protection for applications in marine environments.**

It resists water wash-out so the grease stays in place in the presence of salt and fresh water while providing high-performance rust and corrosion protection. It has a wide operating temperature range of -40°F to 325°F and a dropping point of 620°F making it an excellent solution for a wide variety of marine applications for extended service life and reliable performance.

- Lithium complex-based formula
- Outstanding rust and corrosion protection
- Maximum lubrication
- Water resistant; salt and fresh water
- Reduces friction and resists extreme pressure
- 620°F Drop Point
- 4-Ball weld point of 500 kg vs industry standard of 200 kg
- NLGI No: Grade 2

### APPLICATIONS

Trailer chassis, trailer wheel bearings, deck and marine equipment, steering linkage, swivel hinges, outboards, slides, cables, shaft log seals, steering quadrants, turnbuckles and winches

CONTAINER SIZE	WD-40 PART #
14 oz.	30041

## LUBRICATION

### WD-40 SPECIALIST. SILICONE

- A multi-surface lubricant that lubricates, waterproofs and protects
- Safe on metal and non-metal surfaces such as rubber, plastic and vinyl
- Dries fast, leaves a clear, non-staining film that doesn't attract dirt
- Withstands extreme weather conditions, and protects against rust

CONTAINER SIZE	WD-40 PART #
11 oz.	30001

### WD-40 SPECIALIST. GEL LUBE

- Unique gel lubricant stays where you spray for long-lasting results
- Use on vertical surfaces and moving parts
- Prevents rust for up to one year

CONTAINER SIZE	WD-40 PART #
10 oz.	30010

### 3-IN-ONE. TRAILER HITCH

- Reduces friction and wear
- Prevents rust up to one year
- Extends ball and hitch life

CONTAINER SIZE	WD-40 PART #
10 oz.	12010

### WD-40. MULTI-USE PRODUCT

- Lubricates moving parts, protects against rust, penetrates stuck parts and displaces moisture
- Performs in extreme temperatures from -60° F to 300° F

CONTAINER SIZE	WD-40 PART #
Smart Straw. 12oz.	49005
Industrial 16 oz.	49008
Big Blast 18 oz.	49009
1 Gallon	49011
Spray Applicator 16 oz.	10000

## CLEANERS

### WD-40 SPECIALIST. CONTACT CLEANER

- Cleans sensitive electrical contacts and connections
- Smart Straw. blasts away contaminants with pinpoint precision
- Leaves no residue; dries fast

CONTAINER SIZE	WD-40 PART #
11 oz.	30055

### WD-40 SPECIALIST. DEGREASER

- Quickly breaks down grease and grime
- Powerful, yet safe on sensitive surfaces
- Contains corrosion inhibitors
- Water-based; non-flammable; no residue

CONTAINER SIZE	WD-40 PART #
15 oz.	30028

### SPOT SHOT.

- Instantly removes the toughest carpet stains without scrubbing
- Safely cleans and deodorizes carpets and prevents stains from reappearing
- No rubbing, scrubbing or vacuuming needed after spraying the affected area

CONTAINER SIZE	WD-40 PART #
18 oz.	00993

## RUST & CORROSION

### WD-40 SPECIALIST. RUST REMOVER SOAK

- Dissolves rust and restores tools, equipment, and surfaces to bare metal without chipping, scraping or scrubbing
- Will not harm paint, gaskets, trim, or other surrounding parts
- Formula has no toxic fumes, does not use acids or caustic chemicals, is non-irritating to skin, and is safe to use on most metals.

CONTAINER SIZE	WD-40 PART #
1 Gallon	30004

### WD-40 SPECIALIST. CORROSION INHIBITOR

- Protects metal for up to two years
- Blocks rust and corrosion on indoor and outdoor applications
- Protection against heat, humidity, and corrosive environments
- Long-lasting formula for less frequent re-application

CONTAINER SIZE	WD-40 PART #
6.5 oz.	30003
