

Safety Data Sheet

1 - Identification

Trade Name: 2000 Flushes Blue plus Detergents	Canadian Office: WD-40 Products [Canada] Ltd. P.O. Box 220 Toronto, Ontario M9C 4V3
Product Use: Toilet Bowl Cleaner and Deodorizer	Information Phone #: (416) 622-9881
Restrictions on Use: None identified	Emergency Phone # 24 hr: Canutec: (613) 996-6666 -
SDS Date Of Preparation: November 23, 2020	Designated for use only in the event of chemical emergencies involving a spill, leak, fire exposure or accident involving chemicals

2 – Hazards Identification

WHMIS 2015/GHS Classification:

Eye Irritant Category 2A

Skin Irritant Category 2

Note: This product is a consumer product and is labeled in accordance with the Consumer Chemicals and Containers Regulations (CCCR) which take precedence over WHMIS 2015 labeling. The actual container label will not include the label elements below. The labeling below applies to industrial/professional products.

Label Elements:**WARNING!**

Causes skin irritation.

Causes serious eye irritation.

Prevention

Wash thoroughly after handling.

Wear protective gloves and eye protection.

Response

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice or attention.

IF ON SKIN: Wash with plenty of soap and water.

If skin irritation occurs: Get medical advice or attention.

Take off contaminated clothing and wash it before reuse.

3 - Composition/Information on Ingredients

Ingredient	CAS #	Weight Percent	WHMIS 2015/ GHS Classification
Surfactants	Mixture	45-60%	Eye Irritant Category 2A Skin Irritant Category 2
Fragrance	Mixture	1-5%	Eye Irritant Category 2A Skin Irritant Category 2

			Specific Target Organ Toxicity- Single Exposure Category 3 (Irritant)
--	--	--	---

4 – First Aid Measures

Ingestion (Swallowed): Rinse mouth and dilute with fluids. Call physician, poison control center or the WD-40 Safety Hotline at 1-888-324-7596.

Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes, lifting upper and lower eyelids occasionally. Get medical attention if irritation persists.

Skin Contact: Wash with soap and water for several minutes. Remove contaminated clothing and wash before reuse. If irritation develops and persists, get medical attention.

Inhalation (Breathing): Move to fresh air. Get medical attention if irritation develops and persists.

Signs and Symptoms of Exposure: May cause moderate eye and skin irritation.

Indication of Immediate Medical Attention/Special Treatment Needed: Immediate medical attention is generally not required.

5 – Fire Fighting Measures

Suitable (and unsuitable) Extinguishing Media: Flood with water.

Specific Hazards Arising from the Chemical: Thermal decomposition may generate oxides of carbon.

Special Protective Equipment and Precautions for Fire-Fighters: Firefighters should always wear positive pressure self-contained breathing apparatus and full protective clothing.

6 – Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures: Wear appropriate protective clothing (see Section 8).

Methods and Materials for Containment/Cleanup: For small spills (one retail container or less) flush down drain with plenty of water. For larger spills, collect and place in a sealable container for later disposal.

7 – Handling and Storage

Precautions for Safe Handling: Avoid direct contact with product. Wash thoroughly after use. Keep out of the reach of children.

Conditions for Safe Storage: Store in a cool, dry area away from heat and direct sunlight.

8 – Exposure Controls/Personal Protection

Chemical	Occupational Exposure limits
Surfactants	None Established
Frangence	None Established

The Following Controls are Recommended for Normal Consumer Use of this Product

Appropriate Engineering Controls: No special controls required for normal use.

Personal Protection:

Eye Protection: None normally required. Avoid eye contact.

Skin Protection: Avoid prolonged skin contact. For sensitive skin wear rubber gloves.

Respiratory Protection: None required.

For Bulk Processing or Workplace Use the Following Controls are Recommended

Appropriate Engineering Controls: Use with adequate general or local exhaust ventilation to minimize exposures levels.

Personal Protection:

Eye Protection: Chemical safety goggles recommended where eye contact is possible.

Skin Protection: Wear rubber gloves and protective clothing as required to avoid skin contact

Respiratory Protection: None required for handling finished product. If exposure levels are excessive, wear a NIOSH approved respirator. Respirator selection and use should be based on contaminant type, form and concentration. Follow applicable regulations and good Industrial Hygiene practice.

Work/Hygiene Practices: Avoid contact with the eyes, skin and clothing. Wash thoroughly after handling.

9 – Physical and Chemical Properties

Appearance:	Blue solid	Flammable Limits:	Not Applicable
Odor:	Pleasant odor	Vapor Pressure:	Not Applicable
Odor Threshold:	Not Established	Vapor Density:	Not Applicable
pH:	Not Applicable	Relative Density:	Not Established
Melting/Freezing Point:	Not Established	Solubilities:	100% Soluble in water
Boiling Point/Range:	Not Applicable	Partition Coefficient; n-octanol/water:	Not Established
Flash Point:	Not Applicable	Autoignition Temperature:	Not Established
Evaporation Rate:	Not Established	Decomposition Temperature:	Not Established
Flammability (solid, gas):	Not flammable or combustible	Viscosity:	Not Applicable
VOC:	2%	Pour Point:	Not Applicable

10 – Stability and Reactivity

Reactivity: Not reactive under normal conditions

Chemical Stability: Stable

Possibility of Hazardous Reactions: Hazardous polymerization will not occur.

Conditions to Avoid: Avoid excessive heat.

Incompatible Materials: None known.

Hazardous Decomposition Products: Thermal decomposition may generate oxides of carbon.

11 – Toxicological Information

Symptoms of Overexposure:

Inhalation: Inhalation is not a normal route of exposure for this product. No adverse effects expected in otherwise healthy individual. May aggravate existing respiratory conditions such as asthma.

Skin Contact: May cause moderate irritation to skin.

Eye Contact: Direct contact may cause moderate irritation to eyes.

Ingestion: May produce mild gastrointestinal upset if ingested involving nausea, vomiting and diarrhea.

Chronic Effects: None currently known.

Carcinogen Status: None of the components are listed as a carcinogen or suspect carcinogen by IARC, NTP, ACGIH or OSHA.

Reproductive Toxicity: None of the components is considered a reproductive hazard.

Numerical Measures of Toxicity:

Surfactants: LD50 oral rat 2777 mg/kg; LD50 dermal rabbit >2000 mg/kg

Fragrance: LD50 oral rat 3200 mg/kg; LD50 dermal rat >2000 mg/kg

Based on a review of the component, this product is not expected to be acutely toxic.

12 – Ecological Information

Ecotoxicity: No data available for product. Diluted product in use is not expected to present a hazard to the environment.

Persistence and Degradability: No data available

Bioaccumulative Potential: No data available

Mobility in Soil: No data available

Other Adverse Effects: None known

13 - Disposal Considerations

Dispose in accordance with federal, state, and local regulations.

14 – Transportation Information

DOT Surface Shipping Description: Not Regulated
Canadian TDG Shipping Description: Not Regulated
IMDG Shipping Description: Not Regulated
ICAO Shipping Description: Not Regulated

15 – Regulatory Information

National Pollutant Release Inventory (NPRI): This product contains the following chemicals that are listed on the NPRI Substance List: None

Canadian Environmental Protection Act: All of the ingredients are listed on the Canadian Domestic Substances List or exempt from notification.

16 – Other Information

HMIS Hazard Rating:

Health – 2 (moderate hazard), Fire Hazard – 0 (minimal hazard), Physical Hazard – 0 (minimal hazard)

Revision Date: November 23, 2020

Supersedes: October 25, 2019
