Lab testing shows that WD-40® Brand products outperform other brands in critical performance tests for dependability and value you can count on.

All WD-40® Brand products are formulated to minimize the risk of harm to people, surfaces and the environment.¹ Our safer product formulations do not require warnings for cancer, birth defects or other reproductive harm.² Use of WD-40® Brand products can help reduce personal, legal and regulatory risk.

WD-40® Brand has been a trusted name in maintenance products for more than 65 years. We strive to continuously improve and innovate with products designed to tackle any challenge.

¹ When used and disposed of as directed.
² No warnings for our products are required by California Proposition 65, the Safe Drinking Water and Toxic Enforcement Act of 1986.

Our time-tested formulas have been solving problems across a variety of industries for more than 65 years.

From growing and harvesting crops to maintaining your tools and equipment, pros can count on WD-40® Brand products to keep their business moving with versatile delivery systems that offer a unique combination of safe, powerful and specialized formulas designed to increase efficiency, reduce downtime and minimize risk—everything you need to get the job done right.

YOU KNOW THE WD-40® BRAND NAME...

BUT DO YOU KNOW ALL IT CAN DO FOR YOUR DAILY NEEDS?

PROVEN AND EFFECTIVE FORMULAS FOR TOUGH ENVIRONMENTS

Lab testing shows that WD-40® Brand products outperform other brands in critical performance tests for dependability and value you can count on.

REDUCE DOWNTIME AND PROTECT YOUR EQUIPMENT, TOOLS & ASSETS

WD-40® Brand products help protect assets to promote longer equipment life, prevent unscheduled downtime due to unexpected equipment failure, and help avoid accidents and injuries caused by poorly maintained equipment.

SAFETY AND COMPLIANCE ARE OUR TOP PRIORITIES

All WD-40® Brand products are formulated to minimize the risk of harm to people, surfaces and the environment.¹ Our safer product formulations do not require warnings for cancer, birth defects or other reproductive harm.² Use of WD-40® Brand products can help reduce personal, legal and regulatory risk.

INDUSTRY-LEADING, INNOVATIVE SOLUTIONS MAKE YOUR JOB EASIER

WD-40® Brand has been a trusted name in maintenance products for more than 65 years. We strive to continuously improve and innovate with products designed to tackle any challenge.
LUBRICANTS & PENETRANTS

We offer an assortment of fast-acting lubricants that are proven to withstand the high-performance environments in which you work. They’ll keep parts moving smoothly, unstick stuck parts quickly and deliver long-lasting performance to keep operations running.

“Found this product by WD-40 [Company] is absolutely perfect and the best out of any other product on the market that we have tried!”

Lubricants & Penetrants

- Silicone
- White Lithium Grease
- Dry Lube
- Gel Lube
- Roller Chain Lube
- Penetrant

WD-40 Specialist. Brand products are represented using new can design and will vary in availability as we work through a rolling change.
It lubricates. It resists water. It protects surfaces from residue. What’s even better? It dries without leaving stickiness for you to clean.

**FEATURES**
- Lubricates, resists water and protects metal and non-metal surfaces
- Dries with no stickiness or messy residue
- Safe to use on non-metal surfaces such as plastic and rubber parts
- NSF Nonfood Compounds Program Listed H2 #146863
- Working temperature range—-100°F to 500°F

**APPLICATIONS**
Nuts, bolts, pins, screws, bushings, cables, pulleys, sliding mechanisms, valves, linkages, hinges, locks

Lubricates at least 2x longer than the competition for less frequent applications.

**4 BALL WEAR TEST**
Modified (Longevity)

Results show width of scar at specified times. Lower number means less scarring and better protection for longer periods of time.
Test Lab: WD-40 Technical Center (Pine Brook, NJ); ASTM D4172 Modified (Longevity); Tested 03/2021.
Have a job that requires heavy-duty lubrication? WD-40 Specialist® White Lithium Grease sprays on evenly as a liquid and sets dry for a thick, protective coating that won’t run off, making it a perfect match for metal-to-metal applications.

**FEATURES**
- Long-lasting lubrication and protection
- Leaves a rust-inhibiting barrier
- Won’t freeze, melt or run off
- NSF Nonfood Compounds Program Listed H2 #146864
- Working temperature range—0°F to 300°F

**APPLICATIONS**
Lubricates doors and tracks, hinges, chains, linkages, latches, pulleys, cables and guide rails, tow bars, dock doors and outdoor rails

Withstands 1.5x more pressure than the competition for less frequent reapplication and reduced downtime.

**EXTREME PRESSURE TEST**

Test measures the load carrying properties of a lubricant.
Test Lab: WD-40 Co. Technical Center (Pine Brook, NJ); ASTM D3233A; Test date: 12/2020.
Not even the highest temperatures pose a problem with WD-40 Specialist® Dry Lube. Our spray, which is safe on multiple surfaces, reduces friction while providing long-lasting lubrication and corrosion protection. It dries quickly, leaves no oily residue, and resists dirt, dust and oil.

**FEATURES**
- PTFE formula reduces friction and wear, and enhances performance
- Resists dust, oil and dirt accumulation
- NSF Nonfood Compounds Program Listed H2 #146856
- Working temperature range—-50°F to 500°F

**APPLICATIONS**
- Garage door rollers and springs,
- hopper tracks on the bottom of trucks, machine parts, pulleys, hinges, chains, sheers or other cutting equipment

Provides 5x greater wear protection and lubricates at least 4x longer than the competition for reduced application frequency.

**Modified (Longevity) Test**

Results show width of scar at specified times. Lower number means less scarring and better protection.

Test Lab: WD-40 Co. Technical Center (Pine Brook, NJ); ASTM D4172; Test date: 12/2020.

Test Lab: WD-40 Co. Technical Center (Pine Brook, NJ); ASTM D4172 – Modified; Test date: 04/2021.
Our unique gel lubricant sprays on thick and won’t run, drip or make a mess. The no-drip formula is powerful enough to provide 12x longer-lasting lubrication* and it also prevents rust and corrosion for up to one year**—creating a more productive and efficient workplace.

**FEATURES**
- Thick, no drip, no mess, non-flying
- Stays where you spray it; perfect for vertical surfaces
- Self-healing characteristics
- Safe on metals, plastics and rubber
- Working temperature range—-100°F to 500°F
- No-drip formula

**APPLICATIONS**
Moving parts, vertical surfaces, chains, cables, gears, pallet forks, bushings, bearings, lift gates, garage doors

Lubricates 15x longer than the competition.

**LONG-LASTING LUBRICATION TEST**

Test measures length of lubrication under pounds of force before breakdown.
Test Lab: Petro-Lubricant Testing Labs (Lafayette, NJ); ASTM D5620; Tested 04/2020.

* Compared to WD-40® Multi-Use Product using independent lab test ASTM D5620.
** Independent lab tests conducted in humidity chamber. Results vary depending on extreme conditions.
Thickens, repels dirt, stays put—Advanced Ceramic Reinforced lubricant sprays on thin to penetrate deep into the chain and protects it from breaking prematurely. It then thickens to provide proven, long-lasting lubrication.

**FEATURES**
- Protects chains from premature breakage*
- Repels dirt, displaces contaminants and traps moisture
- Non-fling at high RPM
- Provides long-lasting lubrication
- Working temperature range—-40°F to 400°F

**APPLICATIONS**
Chains, sprockets, chain links, O-ring chains, lubricates the drive chains on a planter, and rollers

Penetrates inner chain links, O-rings, pins and bushings, and stays in place to protect.

* Based on proper chain maintenance extending the life of the chain. Proper maintenance for roller chain is cleaning and lubricating external parts (chains and sprockets), and also the internal parts (chain links).
Penetrants up to 2x faster than competitors, which means less downtime and faster return to service.

Provides 10x longer surface rust protection than the competition for extended equipment life and reduced reapplications.

NAIL CLIMB TEST

Test measures the penetrating ability of a fluid. The less time to penetrate, the better.

Test Lab: Fred Cuneo (3rd party); Nail Climb Test; Test date: 03/2021.

COMPETITOR #1
95% corrosion at 24 hours

COMPETITOR #2
95% corrosion at 24 hours

WD-40 SPECIALIST®
Less than 38% corrosion at 24 hours

SALT SPRAY CORROSION PROTECTION TEST

This test is used to measure the level of corrosion protection provided by a test fluid.

Test Lab: WD-40 Co. Technical Center (Pine Brook, NJ); ASTM B117; Test date: 02/2021.

COMPETITOR #1
95% corrosion at 24 hours

COMPETITOR #2
95% corrosion at 24 hours

WD-40 SPECIALIST®
Less than 38% corrosion at 24 hours

Innovative and proven effective, this rust-busting formula gets into tight crevices, threads, locks, chains and seams to break bonds that hold stuck parts together. To make your job easier, we took it a step further by attaching an eight-inch flexible straw that bends, keeps its shape and sprays two ways, giving you easier access to hard-to-reach spaces.

FEATURES

- Proprietary penetrating formula releases tough rusted parts with minimal effort
- Fast-acting formula penetrates deep into crevices, threads and seams
- Prevents rust and corrosion from re-forming
- Safe on metals, plastics and rubber
- Displaces water better than competitive brands
- Working temperature range—0°F to 400°F

APPLICATIONS

Rusted metal threads, nuts, bolts, pins, screws, bushings, cables, pulleys, sliding mechanisms, valves, linkages, hinges, locks, chains

PENETRANT

ITEM #: 30000
NET WEIGHT: 11 OZ.
CASE ORDER #: 300004
CASE UNITS: 6/CASE

PENETRANT WITH EZ-REACH®

ITEM #: 30048
NET WEIGHT: 13.5 OZ.
CASE ORDER #: 300486
CASE UNITS: 6/CASE
WD-40® Brand products are formulated with clean solvents and oils that have been treated to remove harmful (chemical) contaminants.
CLEANERS & DEGREASERS

Engineered to be powerful yet safe, our industrial-strength cleaners and degreasers keep your facilities and equipment running smoother, lasting longer and looking like new.

“Exactly what you need to degrease those hard-to-reach spots. Eats the grease, and wipes away clean. Excellent, excellent product.”
CONTACT CLEANER

With this cleaner, oil, dirt, flux residue and condensation from sensitive electronics and electrical equipment are blasted away with pin-point precision. Our industry-leading Smart Straw® technology makes application accurate. The spray dries quickly, leaving no residue, and removes a wide range of contaminants, making it a top choice among automotive professionals.

FEATURES
- Kb cleaning score of 250 vs. mineral spirits (Kb 25)
- Quick-drying with no residue
- Dielectric Strength >20,000 volts
- Safe on most plastics¹, rubber and metal
- NSF Nonfood Compounds Program Listed K2 #146857

APPLICATIONS
Fuses boxes, circuit boards, controls, switches, precision instruments, electric panels, generators, electric motors, armatures, electrical connectors, machine circuit boards

Removes over 95% of common surface contaminants for optimal performance.

ITEM #: 30055
NET WEIGHT: 11 OZ.
CASE ORDER #: 300554
CASE UNITS: 6/CASE

¹ Test on plastic before using, and avoid adhesives, device screens and keyboards. Always check with the device manufacturer before performing maintenance.
Our water-based aerosol formula provides deep, foaming, penetrating action and a powerful stream that sprays up to five feet to quickly and easily remove grease, oil, dirt and grime without the time and trouble of disassembly.

**FEATURES**
- Low odor, water-based formula
- Deep penetrating foaming action gets into cracks and crevices
- Quickly removes grease, oil, dirt and grime
- No rinsing required; low residue for a clean finish
- NSF Nonfood Compounds Program Listed C1 #146737

**APPLICATIONS**
Engines, gears and chains, forklifts, winches, power equipment, metal tools, engine bay, power tools and machinery

Removes automotive and industrial particulate soil faster than the competition.

Test evaluates the cleaning ability of a fluid using a mechanical device. Score shows percent of soil removed.
Test Lab: Sterling Laboratories (Toledo, Oh); ASTM D4488-A3; Tested 05/2020.

ITEM #: 30007  NET WEIGHT: 18 OZ.  CASE ORDER #: 300070  CASE UNITS: 4/CASE
CARB/THROTTLE BODY CLEANER

It’s the only all-in-one spray you need to clean your carburetor, throttle body and unpainted metal parts. It is a powerful solvent-based cleaner that blasts away tough carbon deposits, oil and grime with a unique dual-action cleaning system that breaks it up and doesn’t leave behind residue.

FEATURES

• Powerful formula breaks up and blasts away tough deposits
• Proven to improve performance at high RPMs
• Reduced splash-back and overspray
• Safe on oxygen sensors or catalytic converters upon incidental contact

APPLICATIONS

Carburetors, throttle body, gas-powered equipment, fleet maintenance, non-painted metal parts

Powerful formula quickly breaks up and blasts away tough deposits for superior performance at high RPM.

STALLING EFFECTS AT HIGH SPEED

Results show average RPM after products are applied and recorded for standard deviation from the average. Closer to baseline and smaller standard deviation is better as these imply minimal stalling effects.

Test Lab: Intertek Carnot Emission Services (San Antonio, TX); Tested 05/2013.
A powerful solvent-based degreaser that quickly cleans machinery, engines and equipment to run smooth and look like new. Our fast-acting formula contains PowerSolve Technology—a proprietary solvent that quickly breaks down grease, as well as oil, dirt, tar, adhesives and more.

**FEATURES**
- Contains fast-acting PowerSolve Technology®
- Safe on metals, plastics, rubber and glass
- High liquid flashpoint of 202°F
- No residue
- Low fumes
- NSF Nonfood Compounds Program Listed K1 #150956

**APPLICATIONS**
Automotive, truck and tractor engines, tire rims, gears and chains, farm equipment/machinery, power equipment, winches, metal rope or wire, cleaning out grease fittings or wheel bearings, other metal tools

Industrial-strength formula quickly removes tough dirt, grease and grime. Safe on plastics, rubbers, glass, metals and more.

**SAFE FOR USE ON:**

Test Lab: UL (Canton, MA); Surface Compatibility (Deleterious Effects to Hard Surfaces); Test date: 06/2014.
Engineered and proven to be more powerful and safer than other degreasers on the market, WD-40 Specialist® Cleaner & Degreaser is formulated with a unique bio-solvent that quickly breaks through tough grease and grime, protects against flash rust and is safe for use on sensitive surfaces—meeting the EPA’s Safer Choice Certification criteria for safety and efficacy.

**FEATURES**

- Formulated with a biodegradable solvent
- Safe for food-processing facilities
- Contains anti-corrosion additives to prevent flash rust
- Non-flammable, non-corrosive and non-abrasive
- Low odor/fragrance-free
- NSF Nonfood Compounds Program Listed A1, A2, A4, A8, B1 #153187

**APPLICATIONS**

Automotive and tractor parts, tools, farm equipment/machinery, commercial appliances and equipment, power washers

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as WD-40 Company has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on WD-40 Company, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of WD-40 Company non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.

Outperforms competitors in surface compatibility tests on sensitive surfaces such as aluminum and glass.

For anyone who hasn’t used this, it is superb for stopping rust on items in high humidity or wet locations. Protects long after many (most) oils have failed.”

**RUST MANAGEMENT**

Preventing and removing rust is an important part of facility and equipment maintenance, repair and operations. Whether you are looking to prevent or remove rust, we have a product for the job.
WD-40 Specialist® Rust Remover Soak safely and effectively removes rust without acids or caustic chemicals. This formula is non-toxic, contains no VOCs and works without harming surrounding surfaces. It restores even intricate, hard-to-reach surfaces to clean, bare metal that is ready to paint, and brightens copper, brass and similar alloys.

FEATURES
• Removes rust and other corrosion, but safe for surrounding areas
• No need for scraping, chipping or scrubbing
• Non-toxic fumes and acid-free
• NSF Nonfood Compounds Program Listed P1 #146753
• Formulated to be non-irritating to skin

APPLICATIONS
Tools, metal, cast iron, chrome parts, copper, brass and other alloys, tractor parts, fasteners

Fast-acting formula removes rust and restores surfaces to bare metal without caustic chemicals or harsh acids with minimal downtime.

SOAK TEST

Rusty steel panels are dipped in rust-removing fluid.
Test Labs: Matco Services Inc. (Division of Valmont Industries, Pittsburgh, PA)
The Lubrizol Corporation (Wickliffe, Ohio); Tested on 9/6/2011.

ITEM #: 30004       NET WEIGHT: 1 GAL.       CASE ORDER #: 300042       CASE UNITS: 4/CASE
Get ahead of the problem with this long-lasting corrosion inhibitor that protects metal parts by blocking rust and corrosion for up to 1 year outdoors or 2 years indoors. Ideal for preventive maintenance applications in challenging environments such as high humidity and long-term storage. The non-drying formula continues to work even if some of the coating gets rubbed off, re-sealing the vulnerable surface.

**FEATURES**
- Vapor Corrosion Inhibitors seal and protect to block corrosion
- Works indoors and outdoors
- Protects metals up to two years
- NSF Nonfood Compounds Program Listed A7 #146726

**APPLICATIONS**
Machined surfaces, equipment and metal parts subjected to extended storage periods, tools, chains, cables

Only 5% rust after 1,200 hours of exposure to salt spray, meaning less frequent reapplication for time- and cost-savings, and longer protection of valuable assets.

**CORROSION PROTECTION**

![WD-40 SPECIALIST 2,000 HRS.](image1)
![COMPETITOR #1 24 HRS.](image2)
![COMPETITOR #1 48 HRS.](image3)

This test is used to measure the level of corrosion protection of a test fluid under extreme conditions. Test Lab: Petro-Lubricant Laboratories Inc. (Lafayette, NJ); ASTM B117; Tested on 05/2020.

**ITEM #: 30003**
**NET WEIGHT: 6.5 OZ.**
**CASE ORDER #: 300035**
**CASE UNITS: 6/CASE**
It’s easy to work with, whether hand applying or using a mechanical grease gun. Regardless of the temperature, it can easily be spread but it also doesn’t run—it stays put. So long other grease gun cartridges, I’ll be using WD-40 Specialist® Greases from now on.”

GREASES

We provide an assortment of greases that are proven to withstand extreme conditions, allowing you to protect your equipment and get your job done right.
WD-40 Specialist® Heavy-Duty Grease is a versatile solution with properties even lithium greases don’t offer. With a dropping point above 650°F, it also provides marine-grade water resistance and protection against rust and corrosion. Engineered for high-speed and heavy-duty applications, Heavy-Duty Grease is an excellent choice for lubricating machinery in damp conditions.

FEATURES
- Withstands extreme temperatures
- Performs under extreme pressure
- Superior water resistance
- Long-lasting corrosion protection

Provides more than 2x the load wear protection for superior lubrication and longer-lasting performance.

LOAD WEAR TEST

Test measures the relative ability of a lubricant to prevent wear under applied loads. Test Lab: Petro-Lubricant Laboratories Inc. (Lafayette, NJ); ASTM D2596; Tested 03/2020.
HIGH-TEMP GREASE

EXTREME PRESSURE GREASE

MARINE-GRADE GREASE

The WD-40 Specialist® line of greases gives surfaces the protection they need regardless of the environment. Whether your work involves high temperatures, high pressure or the need for protection from water, you can trust these products to lubricate and protect so you can fight wear and keep your equipment running smoother for longer periods of time.

**FEATURES**

- **HIGH-TEMP GREASE**
  - Excellent corrosion protection
  - Outstanding performance under heavy-metal loads
  - 625°F drop point
  - Working temperature range—-40°F to 325°F

- **EXTREME PRESSURE GREASE**
  - Extreme pressure lubrication
  - Outstanding surface protection against heavy load and wear
  - 600°F drop point
  - Working temperature range—-40°F to 325°F

- **MARINE-GRADE GREASE**
  - Excellent water wash-out performance
  - Maximum lubrication for extreme marine applications
  - 620°F drop point
  - Working temperature range—-40°F to 325°F

All of our greases deliver up to **25% higher drop point.**

*Compared to conventional lithium-based greases.
In 1953, an aerospace contractor first used WD-40® Multi-Use Product to protect the outer skin of the Atlas Missile from rust and corrosion. Today the product has more than 2,000 uses.
I have used WD-40® [Multi-Use Product] for almost any rusty bolt or squeaky door. With the EZ-REACH® nozzle it now is even easier to reach those tough spots and you don’t have to bend and twist all over the place to get to that last bolt.”

WD-40® MULTI-USE PRODUCT

The product millions around the world know and trust, with more than 65 years of proven performance and countless applications, this is the essential product for any maintenance environment. It comes in many forms so that you have the best tools to get each job done.
WD-40® Multi-Use Product is the most recognized and relied upon name in its class—protecting equipment from rust and corrosion, penetrating stuck parts, displacing moisture and lubricating almost anything. Available in a variety of delivery and application methods, to make any job easier, safer and more efficient.

**FEATURES**
- Time-saving, easy-to-use
- Patented delivery systems
- Variety of sizes for any job, big or small
- Protects against corrosion
- Penetrates rusted bonds
- Dissolves adhesives and displaces moisture to dry out electrical systems

**APPLICATIONS**
Moving and rusted metal parts, hinges, wheels, pulleys, rollers, chains, gears, joints, conveyors, hoists, tools and more

One product with **thousands of uses**—protects metal from rust and corrosion, penetrates stuck parts, displaces moisture and lubricates almost anything.
